TAILOR UP YOUR STYLE

THE FIRST - EVER AUTOMOTIVE EXTERIOR WINDOW FILM. FINISH YOUR STYLE WITH PERFORMANCE.

Features

- Complete the silky exterior style of the vehicle by forming a perfect fit on the automobile glass after installation.
- Conventional interior installation/service is entirely improved (creases and gaps on Dot matrix and defroster lines, and damages incurred when removing an existing window tint).
- The durability is five times stronger than that of conventional window film.
- Its shatter-resistant feature prevents strong, impactful damages.
- The product offers an advanced Coating Technology–based, excellent scratch resistance.
- Provides a perfect and clear view through Optical Design Technology
- With its anti-fouling performance on the surface, cleaning is made easy.
- Protects the skin of drivers and passengers, as well as the vehicle's interior with 99% UV ray protection
